

# About Brandon Trust

**Brandon Trust is a registered charity providing individualised support to adults, young people and children with learning disabilities or autism. We believe that everyone should be free to live their life in the way they choose, and our job is to support them to make this happen.**

We support people in the South West and South East of England, from Warwickshire down to Cornwall, across to London and in-between.

Everyone is different. We work with people to make sure they get a life that is right for them.

We support people with learning disabilities and/or autism who may also have:

- Complex physical health needs
- Complex mental health needs
- Behaviours that may challenge
- Rich and diverse lifestyles

*“Christine’s journey since Brandon Trust became involved has been one that no one could ever have hoped for. Her support workers encourage her to do things, never putting obstacles in her way. They have brought her into the community and she has more control over her own life. She is living her happiest days ever.”* (Philip & Nancy O’Keefe)

**We support people in their own home, singly or sharing with others. This could be:**

- Light support – just a few hours of support a day or a week to do the things people need help with, like making a meal, paying bills or looking for a job.
- 24-hour support, 7 days-a-week, helping people to develop their skills, independence and confidence, getting about and doing things they enjoy. There’s always someone on hand.
- Holiday and short break support - at home or somewhere else.

**We support children and young people living in the family homes, and on holidays. We support people:**

- after school
- at weekends
- at night
- during school holidays
- on family holidays
- on short breaks
- on activity holidays
- to prepare for adulthood

*“Brandon Trust supports me to be more independent, helping me become more organised and have better skills to live in my own flat, such as cleaning, budgeting, and shopping. I have built a great supportive relationship with my support worker. I’d be lost without my support.” (Phil, Bristol)*

**We support people to improve their life through work, learning and leisure. This means helping people to:**

- Find and keep a paid job, try work experience or get job training
- Get involved in community life through volunteering and joining local groups
- Go to college, local interest groups and classes
- Learn new skills and work at one of our social enterprises
- Get out and about in the local community

- Meet new people, make new friends, and stay in touch with old friends and family
- Go on holiday
- Learn to travel independently
- Keep safe and healthy
